CLAIM

The ornamental design for a smoke evacuator for an electrocautery scalpel, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a smoke evacuator for an electrocautery scalpel showing my new design, the broken line showing of the electrocautery scalpel is for illustrative purposes only and forms no part of the claimed design;

FIG. 2 is a side view thereof, the opposite side of that shown being a mirror image;

FIG. 3 is a top view thereof;

FIG. 4 is a bottom view thereof;

FIG. 5 is a front view thereof; and,

FIG. 6 is a back view thereof.
