The present invention relates to a detachable display case which is realized to display articles easily. The object of the present invention provides a detachable display case that can maximize the efficiency of display space because the display case can be set up, moved and applied easily regardless of the size, shape and quantity of articles to be displayed. To achieve the object, the present invention provides a detachable display case provided with a display plate for displaying articles, which includes: at least one article separator detachably attached to a top of the display plate with a magnetic force for separating a part of articles displayed on the display plates from the remaining articles; and an article storing means detachably attached to an upper side of the display plate with a magnetic force for displaying articles, wherein the article storing means is positioned parallel to the article separator.
