CLAIM
The ornamental design for a connector for a device for applying compressive pressure to the leg, as shown and described.

DESCRIPTION
FIG. 1 is a front perspective view showing the new design for the connector in which the tubing showing attached to the rear of the connector forms no part of the connector design;

FIG. 2 is a front elevation view thereof;

FIG. 3 is a rear elevation view thereof;

FIG. 4 is a top plan view thereof;

FIG. 5 is a bottom plan view thereof;

FIG. 6 is an elevational view of the right side thereof; and,

FIG. 7 is an elevation view of the left side thereof.
