(57) **CLAIM**

The ornamental design for a power tool hanger as shown and described.

**DESCRIPTION**

FIG. 1 is a top right perspective view of a power tool hanger of the present invention;  
FIG. 2 is a front elevation view thereof;  
FIG. 3 is a right side elevation view thereof;  
FIG. 4 is a left side elevation view thereof;  
FIG. 5 is a top plan view thereof;  
FIG. 6 is a rear elevation view thereof;  
FIG. 7 is a bottom plan view thereof; and,  
FIG. 8 is top right perspective view thereof depicting two power tools for environment purposes only.  
The dash-dash broken lines shown in the drawings depict portions of the power tool hanger that form no part of the claimed design. The dash-dash broken lines showing power tools in FIG. 8 are for the purpose of illustrating environment and form no part of the claimed design. The dash-dot-dash broken lines define the bounds of the claimed design and form no part thereof.  
The surface shading lines on the claimed portion are provided only to indicate the character and/or any contour or curvature of the surfaces. They do not indicate color, texture, markings that actually exist thereon, indicia, graphic representations, surface treatment, or any other ornamentation applied to the article.
