(54) Title: ASSET VISIBILITY MANAGEMENT SYSTEM WITH EVENT CORRELATOR

(57) Abstract: An asset visibility management system that includes an asset transaction system interface, an asset data acquisition and communication device interface, and an event correlator. The asset transaction system interface provides communication between one of a plurality of asset transaction systems and a common communication format. The asset data acquisition and communication device interface provides communication between a plurality of data acquisition and communication devices and the common communication format. The event correlator receives transaction events from the asset transaction system interface and visibility events from the asset data acquisition and communication device interface and correlates the events together.

INTERNATIONAL SEARCH REPORT

International application No.

PCT/US05/25387

A. CLASSIFICATION OF SUBJECT MATTER

IPC: G06Q 10/00(2006.01)

USPC: 705/28

According to International Patent Classification (IPC) or to both national classification and IPC

B. FIELDS SEARCHED

Minimum documentation searched (classification system followed by classification symbols)

U.S. : 705/28

Documentation searched other than minimum documentation to the extent that such documents are included in the fields searched

Electronic data base consulted during the international search (name of data base and, where practicable, search terms used)

USPAT, US-PGPUB, EPO, JPO, DERWENT, IBM_TDB

C. DOCUMENTS CONSIDERED TO BE RELEVANT

Category *	Citation of document, with indication, where appropriate, of the relevant passages	Relevant to claim No.
X	US 2002/0178077 (Katz et al.) 28 Nov. 2002 (28.11.2002), abstract, [0044], [0322]	1-36

☐ Further documents are listed in the continuation of Box C.

☐ See patent family annex.

* Special categories of cited documents:

"A" document defining the general state of the art which is not considered to be of particular relevance

"E" earlier application or patent published on or after the international filing date

"L" document which may throw doubts on priority claim(s) or which is cited to establish the publication date of another citation or other special reason (as specified)

"O" document referring to an oral disclosure, use, exhibition or other means

"P" document published prior to the international filing date but later than the priority date claimed

"T" later document published after the international filing date or priority date and not in conflict with the application but cited to understand the principle or theory underlying the invention

"X" document of particular relevance; the claimed invention cannot be considered novel or cannot be considered to involve an inventive step when the document is taken alone

"Y" document of particular relevance; the claimed invention cannot be considered to involve an inventive step when the document is combined with one or more other such documents, such combination being obvious to a person skilled in the art

"&" document member of the same patent family
